D&L Technical Sales, Inc.

Manufacturers' Representatives, Arizona, New Mexico, and Southern Nevada

---

ACT - Custom thermal management solutions.
Heat pipes, heat spreaders, PCM: Phase Change Material, Vapor Chambers and ICE-Lok® thermally enhanced wedgelock products. Includes: Terrestrial, Spacecraft, and high-temperature applications.
www.1-act.com

Amotech: Antennas: NFC/RFID, GNSS, Cellular, ISM band LPWA, LoRa/Sigfox, IOT, Bluetooth, Wi-Fi, UWB Broadband, NFMI Near Field and Induction Antennas. High-Q Multilayer Ceramic Capacitors (MLCC's), Broadband Capacitors, High Power COG. ESD/EMI Solutions: Protection Devices, EMI Filters, Ferrite and Metal Sheets

Corning Gilbert - High performance push-on connectors for broadband telecommunication and microwave systems. Branded GPO®, GPPO®, G3PO™, G4PO®, SGMS™ and GMS® connectors. Applications Include military, satellite, wireless and telecommunications.
https://www.corning.com/microwave

Diamond Antenna - RF/Microwave Rotary Joints for Satellite Communications, Air Traffic Control, Space Platforms, Weather Radar, and other Radar Applications. Refurbishing Services also available.
http://www.diamondantenna.com/

RF & Microwave Cables "GrooveTube® technology" low loss coaxial, phase-defined performance rated through 110 GHz.
Cables to withstand harsh conditions with low loss, crush proof, cables resistant to torque, twisting and crushing, phase stability, and insertion loss consistency.

Networks International Corporation - Custom RF and Microwave Filters and Assemblies: lumped component, cavity, ceramic, and crystal filters, Switched Filter Banks, Diplexers, Multiplexers, Integrated Microwave Assemblies, Phase Shifters, and VCTCXOs & TCXOs. AS9100C and ISO9001 certified for Commercial, Military, and Space.
